SQ2[®] Transport Trailer

COMPONENT OPTIONS

EASILY TRANSPORT, DEPLOY AND STORE PORTABLE TRAFFIC SIGNALS

The SQ2 Transport Trailer has been customized to provide secure storage for the SQ2 Portable Traffic Signal System and add-on components. It includes custom lockdown pegs to secure the SQ2 carts during transport, a one piece aluminum roof, plywood floor with custom painted guide lines, diamond plate stone guards and an interior lighting package. Additional structural supports have been added to ensure the SQ2 Transport Trailer is equipped to meet the demands of the work zone. It comes equipped with the necessary components to facilitate battery charging via any 110-volt external power source.

DISTRIBUTED BY

General specifications for the SQ2® Transport Trailer are subject to change without notice to reflect improvements and upgrades. Additional information is available. Contact Horizon Signal Technologies for details.
