

SIGNAL UPGRADE

# PTS Pilot Car Module

## Increases Safety for Pilot Car Operator

The Horizon PTS Pilot Car Module allows a Pilot Car driver or flagger to operate a Horizon Signal System remotely via a handheld transmitter. The simple 4-key remote makes controlling traffic in pilot car applications easy.

Two modes of operation allow for flexibility to meet your specific project requirements. In "Timed Mode," the pilot car driver can activate a green indication at the press of a button, and add additional green time in 15-second increments. Traffic follows the pilot vehicle until the green time expires, at which point the Horizon PTS reverts to Yellow, and then Red.

In "Flagger Mode," a flagger controls each signal indication change, while positioned safely out of harm's way and away from traffic.

**COMPATIBLE  
WITH ALL  
HORIZON SIGNAL  
PTS SYSTEMS**

# PTS Pilot Car Module

|                             |                    |
|-----------------------------|--------------------|
| Wireless Range              | Up to 600 feet     |
| Programmable Frequencies    | 8                  |
| Receiver Dimensions (LxWxD) | 5" x 5" x 3"       |
| Remote Dimensions (LxWxD)   | 4.25" x 2.75" x 1" |

## FEATURES

- 2 modes of operation - Timed or Flagger
- High-visibility LED indications indicate current Mode
- Vibration confirmation on each command
- Replaceable battery on handheld remote
- Sleep Mode saves battery life on remote
- Works with motion sensors (MS 2.0 Systems)
- Compatible with all Horizon Signal Systems

## OTHER AVAILABLE OPTIONS

**PEDESTRIAN CROSSWALK SIGNALS** | System can be configured with MUTCD-compliant pedestrian crosswalk signal indicators.

**ADVANCED REMOTE MONITORING** | Receive text and/or email alert notifications of signal operation and battery voltage levels.

**FLAGGER/PILOT CAR MODULE** | Allows flagger or pilot car driver to control signal status with built in safeguards.

**DRIVEWAY ASSISTANCE DEVICE** | System can be configured with DAD indications for use on residential driveways.

## Works with Any Horizon PTS!

The PTS Pilot Car Module works with any core Horizon Signal System.
