

# SQ2<sup>®</sup> Open Transport Trailer

## Convenient Storage and Transport for Your SQ2<sup>®</sup> System

The SQ2 Open Transport Trailer is a safe, efficient way to transport the SQ2 Portable Traffic Signal System and components. Custom lockdown pegs keep your SQ2 carts secure during transport, and dual ramps make it easy to load and unload the SQ2 signal carts quickly. Transport brackets for all sixteen (4 per cart) stabilizer jacks ensure secure and convenient transport.

This heavy-duty, dual-axel trailer is designed to provide years of reliable safe service and can be custom designed to meet your specific requirements.

# SQ2® Open Transport Trailer
